PRINCE KUMAR TAK

Full Stack Developer

PROFILE

Full Stack Web Developer with strong skills in the MERN stack, along with experience in Java, PHP, and .NET. I specialize in building responsive, user-friendly web applications with a focus on clean and scalable code.

Completed a 6-month internship at DNG Inc, working in an Agile team and contributing to real-world projects. Also built several personal projects that showcase my passion for full stack development and problem-solving.
